

## POSITION ANNOUNCEMENT

The Tennessee College of Applied Technology Crossville is accepting applications for a full-time Welding Instructor.

### Minimum Qualifications:

Graduate of a Welding training program at an accredited postsecondary institution; Associate Degree and AWS certifications preferred. Minimum of 3 years of current work experience as a welder. Must have knowledge of all aspects of the welding industry including: gas metal arc (MIG), tungsten inert gas (TIG), shielded metal arc (stick), oxyacetylene welding (gas), flux core welding, flame cutting, plasma arc cutting, brazing and soldering. Applicant must have good computer skills and be familiar with Microsoft office; be a good communicator with effective verbal and written skills; must have a sincere desire to teach as well as remain current in the welding profession. **Must be willing to work a modified evening schedule.**

### Responsibilities:

Instruction of postsecondary and secondary students in modern welding techniques, shop safety, job success, metallurgy, blueprint reading, welding symbols, fitting and fabrication. Establish and maintain effective interpersonal working relationships with students, other faculty, staff, general public, and area industry. Monitor, grade, and evaluate students' progress and attendance using student records software. Prepare and submit timely reports along with placement and follow-up of program graduates.

Application deadline: December 5, 2019

Application Procedure: Application may be found at <http://www.tcatcrossville.edu>. Interested individuals should submit application, resume and post-secondary transcripts and certifications to:
