SURGICAL TECHNOLOGY

WE BUILD CAREERS

**TENNESSEE COLLEGE
OF APPLIED TECHNOLOGY**
CROSSVILLE

PROGRAM DESCRIPTION

The Surgical Technology Program trains individuals to prepare the operating room, select and care for instruments, provide technical assistance to the surgeon and nursing team during surgery, and breakdown the room after surgery. The program consists of four months of concentrated theory and lab practice, two months of integrated theory and clinical preparation, and six months of clinical.

Students must complete 120 cases within the operating theatre within a minimum of five surgical specialty areas to graduate the program and be eligible to sit for the National Exam for Surgical Technologists. The program is accredited through the Commission on Accreditation of Allied Health Education Programs (CAAHEP).

OUTCOMES

The Surgical Technology program prepares the qualified and motivated student with a learning opportunity to develop the knowledge and skills necessary to gain employment as a certified surgical technologist and become an integral part of the health care team. This will be accomplished by preparing competent entry-level surgical technologists in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains; and by meeting or exceeding the criteria set forth in the current CAAHEP Standards and Guidelines for the Accreditation of Educational Programs in Surgical Technology.
